Our Use of Cookies and Other Tracking Technologies

We and our third party service providers use cookies and other tracking technologies to track information about your use of our Site. We may combine this information with other personal information we collect from you (and our third party service providers may do so on our behalf).

Cookies. Cookies are alphanumeric identifiers that we transfer to your computer's hard drive through your web browser for record-keeping purposes. Some cookies allow us to make it easier for you to navigate our Site, while others are used to enable a faster log-in process or to allow us to track your activities at our Site. There are two types of cookies: session and persistent cookies.

- **Session Cookies.** Session cookies exist only during an online session. They disappear from your computer when you close your browser or turn off your computer. We use session cookies to allow our systems to uniquely identify you during a session or while you are logged into the Site. This allows us to process your online transactions and requests and verify your identity, after you have logged in, as you move through our Site.
- **Persistent Cookies.** Persistent cookies remain on your computer after you have closed your browser or turned off your computer. We use persistent cookies to track aggregate and statistical information about user activity, and to display advertising both on third-party sites.

PRIVILEGED & CONFIDENTIAL

Disabling Cookies. Most web browsers automatically accept cookies, but if you prefer, you can edit your browser options to block them in the future. The Help portion of the toolbar on most browsers will tell you how to prevent your computer from accepting new cookies, how to have the browser notify you when you receive a new cookie, or how to disable cookies altogether. Visitors to our Site who disable cookies will be able to browse certain areas of the Site, but some features may not function.

Clear GIFs, pixel tags and other technologies. Clear GIFs are tiny graphics with a unique identifier, similar in function to cookies. In contrast to cookies, which are stored on your computer's hard drive, clear GIFs are embedded invisibly on web pages. We may use clear GIFs (a.k.a. web beacons, web bugs or pixel tags), in connection with our Site to, among other things, track the activities of Site visitors, help us manage content, and compile statistics about Site usage. We and our third party service providers also use clear GIFs in HTML emails to our customers, to help us track email response rates, identify when our emails are viewed, and track whether our emails are forwarded.

Third Party Analytics. We use automated devices and applications, such as Google Analytics, to evaluate usage of our Site. We also may use other analytic means to evaluate the services offered on our Site. We use these tools to help us improve our services, performance, and user experiences. These entities may use cookies and other tracking technologies, such as web beacons or local storage objects (LSOs), to perform their services. To learn more about Google's privacy practices, please review the Google Privacy Policy at <https://www.google.com/policies/privacy/>. You can also download the Google Analytics Opt-out Browser Add-on to prevent their data from being used by Google Analytics at <https://tools.google.com/dlpage/gaoptout>.

Do-Not-Track. Currently, our systems do not recognize browser "do-not-track" requests. You may, however, disable certain tracking as discussed in this section (e.g., by disabling cookies); you also may opt-out of targeted advertising by following the instructions in the Third Party Ad Network section.

Third-Party Ad Networks. We use third parties such as network advertisers to serve advertisements on third-party websites or other media (e.g., social networking platforms). This enables us and these third parties to target advertisements to you for products and services in which you might be interested. Third-party ad network providers, advertisers, sponsors and/or traffic measurement services may use cookies, JavaScript, web beacons (including clear GIFs), Flash LSOs and other tracking technologies to measure the effectiveness of their ads and to personalize advertising content to you. These third-party cookies and other technologies are governed by each third party's specific privacy policy, not this one. We may provide these third-party advertisers with information, including personal information, about you.

Users in the United States may opt out of many third-party ad networks. For example, you may go to the Digital Advertising Alliance ("DAA") [Consumer Choice Page](#) for information about opting out of interest-based advertising and their choices regarding having information used by [DAA companies](#). You may also go to the Network Advertising Initiative ("NAI") [Consumer Opt-Out Page](#) for information about opting out of interest-based advertising and their choices regarding having information used by [NAI members](#).

Opting out from one or more companies listed on the DAA [Consumer Choice Page](#) or the NAI [Consumer Opt-Out Page](#) will opt you out from those companies' delivery of interest-based content or ads to you, but it does not mean you will no longer receive any advertising through our Site or on other websites. You may continue to receive advertisements, for example, based on the particular website that you are viewing (i.e., contextually based ads). Also, if your browsers are configured to reject cookies when you opt out on the DAA or NAI websites, your opt out may not be effective. Additional information is available on the DAA's website at www.aboutads.info or the NAI's website at www.networkadvertising.org.

Third-Party Links

Our Site may contain links to third-party websites. Any access to and use of such linked websites is not governed by this Policy, but instead is governed by the privacy policies of those third party websites. We are not responsible for the information practices of such third party websites.

Security of My Personal Information

We have implemented reasonable precautions to protect the information we collect from loss, misuse, and unauthorized access, disclosure, alteration, and destruction. Please be aware that despite our efforts, no data security measures can guarantee security.

You should take steps to protect against unauthorized access to your password, phone, and computer by, among other things, signing off after using a shared computer, choosing a robust password that nobody else knows or can easily guess, and keeping your log-in and password private. We are not responsible for any lost, stolen, or compromised passwords or for any activity on your account via unauthorized password activity.

What Choices Do I Have Regarding Promotional Emails?

We may send periodic promotional emails to you. You may opt-out of such promotional communications by following the opt-out instructions contained in the email. Please note that it may take up to 10 business days for us to process opt-out requests. If you opt-out of receiving promotional emails about recommendations or other information we think may interest you, we may still send you emails about your account or any services you have requested or received from us.

Children Under 13

Our Site and services are not designed for children under 13. If we discover that a child under 13 has provided us with personal information, we will delete such information from our systems.

Contact Us

Changes to this Policy

This Policy is current as of the Effective Date set forth above. We may change this Policy from time to time, so please be sure to check back periodically. We will post any changes to this Policy on our Site. If we make any changes to this Policy that materially affect our practices with regard to the personal information we have previously collected from you, we will endeavor to provide you with notice in advance of such change by highlighting the change on our Site.

Information We Process in Our Capacity as a Service Provider

We provide our clients with predictive analytics tools that our clients use to analyze their own data sets (which may include personal information that our clients have collected) for their own purposes.

In providing our data analytics services, we may have access to our clients data in certain circumstances. If we provide our clients with technical support or issue resolution support, we will review system log data from a client's use of the data analytics tools; these system logs may contain client data. We use these logs for customer support and issue resolution purposes as instructed by our clients. We also receive
